INTRODUCTION

KiwiSport is a national initiative that was launched in 2009 by the Prime Minister. Each year \$8.5 million is distributed to community organisations through local Regional Sport Trusts such as Sport Manawatu. The Large Project contestable fund – **is for applications over \$5,000 (excl. GST)** with up to 70% of the total project cost funded by KiwiSport. At least 30% contribution from other sources is required. The fund aims to:

- Increase the number of school-age children participating in organised sport – out of curriculum time and by strengthening links with sports clubs
- Increase the availability and accessibility of sport opportunities for all school-aged children.
- Support children in developing confidence in skills that will enable them to participate effectively in sport at both primary and secondary level.

Sport Manawatu's funding region covers Palmerston North City, the Manawatu District, Horowhenua District and Tararua District. Our regional priority areas for 2018-19 are:

- Skill Development- Equip children with the fundamental skills required to successfully participate in organised sport.
- Coach and Volunteer Development- Projects that increase the number of quality coaches, officials and volunteers in the community.
- More Participation Opportunities- Increasing the accessibility to give more children the opportunity to play organised sport.

SPORT NZ ADDITIONAL KIWISPORT PRIORITIES

Applicants must take the following priority groups into consideration when applying for the fund:

- Children not already engaged in sport
- Low socio economic groups
- Maori, Samoan, and Indian ethnic groups
- Girls aged between 10 and 18 years

OPPORTUNITIES FOR SCHOOL APPLICATIONS:

KiwiSport funding is required to support organised sport and not replace PE learning opportunities in Schools. Projects that support the professional development of teachers during curriculum time are a great opportunity to support teachers and their learning but must be linked back to the schools P.E plan. Out of curriculum initiatives will be funded. Rural schools can also apply for initiatives that run during curriculum time because of their unique barriers to participation. A Rural School may be defined by its geographic proximity (more than 10km from the nearest town/city boundary) with a school population size (less than 300 people).

WRITING YOUR APPLICATION

Listed below are requirements for all Kiwisport applications:

Child Protection

Up to date Child Protection Policy is required when submitting your application. If you do not have a Child Protection Policy in place you will need to have one before you apply for the funding. You could contact your National body for assistance. Alternatively contact Sport Manawatu if you require advice on this. This is NZ law (Vulnerable Children’s Act 2014) as KiwiSport is government funding. Please click on the link below for support: <https://www.leannecouchconsulting.com/>

Strategic Plan

A current strategic and/or business plan from the lead organisation is required when submitting your application.

Seed Funding

KiwiSport is not intended to fund long term projects, it should be considered as seed funding.

Partnerships

Evidence of partnerships is required, such as support letters from schools, regional or national sport organisation etc.

KiwiSport Objectives

Your project must meet one or more of the objectives of KiwiSport.

Targets

Clear, measurable targets set and outlined. What are you trying to achieve as a result of the project?

Sustainability

Specify in your application what opportunities are available for the children once the KiwiSport funded project has come to an end. Think of the continuation and how the project can sustain itself. How can children continue to take part in the sport/activity?

Regional Priorities

Your project must meet one or more of the three Sport Manawatu regional priorities.
